

## **Mission Statement**

The mission of our school is to impart education to every student by which character is formed, strength of mind is increased, the intellect is expanded so that one can stand on one's own feet and can play a major role in the built up of a strong and powerful nation.

The school being in a remote village and 80% of parents are farmers of poor education, we will make a good effort to improve the spelling, grammar and vocabulary of English language of the students in the forth coming 3 years.
